At home with Zizi

*British American School
Milan*

Main Elements

- Creation of a video-workshop series « At home I have fun! ». The educator was helped by "Zizi", the Atelier mascot, which the children were so fond of, giving rise to an emotional and very positive atmosphere offline

- Each video last an average of 10 minutes, allowed the children to play the art game independently, at a time that suited the family. This was followed by the sending and sharing of the works created, using the Seesaw application, to link the school and the families.
- The videos are published on YouTube and are easily accessible. The materials used are simple and accessible to everyone from home and in kindergarten.
